Malaysia Society of
Interventional Pain Practitioners

Ultrasonography in Pain Medicine

Scaling for Precision

Date: **21st - 22nd August 2015**

Venue: 13th Floor Menara Selatan,
UMMC

Satellite workshop:

20th August 2015, Sunway Medical Centre

Organised by:

In collaboration
with:

Endorsed by:

Welcome Speech:

Dr. Muralitharan Perumal

MD, MMed (Anaes.), FIPP

Consultant, Anaesthesiology & Pain Management.

President of MSIPP

Dear delegates,

It is indeed a privilege and a proud moment for me to pen a few words to you.

The Malaysia Society for Interventional Pain Practitioners (MSIPP) has in the past have conducted national level cadaveric interventional workshops. As the art of interventioning pain are diverse, in the recent past, a distinct technology that was incorporated was ultrasonography, originally crafted to only view deep seated organ. Now, ultrasonography has gained recognition as an important tool amongst the armamentarium available in interventional pain management. Nevertheless, any technology is invaluable only if the practitioners are enriched with appropriate skills and knowledge. Hence, a favourable pain management outcome.

Therefore, I am in the hope that the 1st International Ultrasound Guided Interventional Pain Management Symposium and Workshop 2015, Malaysia will be instrumental in "Scaling for Precision" for all delegates who are here to improve skills and knowledge on ultrasonography in pain management. A distinguished faculty along with an interesting programme has been organized to assist delegates to realise this purpose.

The organising committee and I cordially welcome you .

I thank University Malaya Medical Centre for hosting this event . Also a heartfelt acknowledgement to sponsors whose support emanated the groundwork for this international programme.

20.8.2015 Satellite Workshop: Correlating Ultrasonography with Fluoroscopic Imaging

9.00 am - 12.00 noon

Live demonstration - Dr. Sean CS Lin

12.00 noon - 1.00 pm

Lunch

1.00 pm - 4.00pm

Live demonstration - Dr. Micheal Gofeld

Symposium

Day One (21-8-2015, Friday)

08.15 - 08.45: Registration

08.45 - 09.00: Welcome Speech

09.00 - 09.30: Speech by Guest of honour/
Opening

09.30 - 10.00: Ultrasound in medicine

10.00 - 10.20: How to get the best out of an U/S
machine

10.20 - 10.40: Pre-test MCQs

10.40 - 11.00: Coffee Break/Exhibition

11.00 - 11.15: Accreditation in U/S in pain medicine

11.15 - 11.45: Sonoanatomy - Pelvis and Lumbar

11.45 - 12.15: Live interactive demo of blocks

12.15 - 12.45: Sonoanatomy - Thorax, Abd, Lower
limbs

12.45 - 14.15: Lunch/Exhibition

14.15 - 14.45: Live interactive demo of blocks

14.45 - 15.15: Sonoanatomy - MSK

15.15 - 15.45: Live interactive demo of blocks

15.45 - 16.15: Sonoanatomy - Head, neck, upper
limb

16.15 - 16.45: Coffee/Exhibition

16.45 - 17.15: Live interactive demo of blocks

17.15 - 17.45: Lecture and video

17.45 - 18.00 - Closure

Day Two (22-8-2015, Saturday)

08.00 - 08.30: Registration

08.30 - 09.30: Cryotherapy and pain medicine

09.30 - 10.00: Post-test and discussion

Time	Workshop Station/Procedure
10.00 - 10.45	1 - Head & Neck
10.45 - 11.30	2 - Thorax & upper limb
11.30 - 12.15	3 - Neuraxial (Psoas/ Lumbar plexus, Caudal, SI joint, facets, epidural)
12.15 - 13.00	4 - Leg Anterior (LFCN & Saphenous nerve block)
13.00 - 14.00 (Lunch & Exhibition)	5 - Leg Posterior (pyriformis, Sciatic, Pudendal Nerve)
14.00-14.45	6 - Abdomen (Ilioinguinal, iliohypogastric, Lateral Femoral Cutaneous nerve of thigh)
14.45 - 15.30	7 - MSK (Shoulder, Hip, Knee, Elbow, Wrist)
15.30 - 16.15	8 - Free station - Any block
16.15 - 17.00	9 - Cryotherpay
17.00 - 17.45	10 -Animal cadaver USG injection
17.45 -18.30
